Gift the taste of Aotearoa

We can help you deliver delicious gifts to your clients and staff that will make their life taste good - and ensure you leave a lasting impression.

Our gourmet giftboxes are an edible celebration of Aotearoa New Zealand. By working with local artisans our range contains award-winning food and drink that cater for a variety of lifestyles including gluten-free and vegan.

You can select items that people wouldn't necessarily buy themselves, and be assured that the flavours, quality and options available will be crowd favourites - making it easy to shop for anyone on your list!

Why choose us?

Bespoke options

We'll happily work with you to curate giftboxes that suit your budget - and reflect your brand and values.

NZ made

You can champion what's made in Aotearoa. Every facet of our giftboxes, from the products to the packaging is sourced to nurture the local economy and community.

Sustainable

With shorter distribution chains, locally crafted products tread lightly on the environment. And our giftboxes can either be repurposed or bio-degradable.

Customised branding

We understand why you might like to customise your giftboxes. If you would like to brand your giftboxes, we have several options available for you to select from.

Wooden crates

Adding your logo to a wooden crate is an excellent way of promoting your organisation. You can brand a crate or print using one colour.

Cards

A single sided gift card/tag allows you to leave a special message alongside your logo.

Chocolate

Our dark chocolate range is handmade in Queenstown and you can add your logo or brand message to the wrappers.

Ribbon

You can switch out the green cotton ribbon we use with a custom printed ribbon featuring your logo.

Stickers

We can print your logo on a sticker and have it added to your giftboxes.

Contact us

We know firsthand that our giftbox range has won the hearts of foodies, adventurous home cooks and conscious consumers.

So, we're confident we can help you create the perfect gift for your clients and staff.

If you'd like to talk about how we can work together, please contact us. It would be helpful to understand a few things including:
